Tips for reducing your fees and charges

There are a number of ways you can reduce or avoid the fees and charges you could incur as part of your transactional activity whilst using your People's Choice Credit Union transaction or savings accounts and services.

As everyone's transactional behaviours are driven by their individual needs, the information provided below can only be considered as general information and you should consider your individual circumstances when determining how to adapt your behaviour to reduce or avoid fees.

For further information, assistance and advice on how to reduce your transactional or service fees, please contact the People's Choice Credit Union National Contact Centre on 13 11 82 or visit your local People's Choice Credit Union branch.

Choose the right account for your needs

You should choose the account best suited to your needs by looking at your transacting and banking patterns.

A high interest earning account may seem like the obvious choice but there are various situations where choosing a different account may be a better option for your needs.

Since everyone has different transactional requirements, it might be best to talk to our staff on 13 11 82 to discuss your requirements and options available in detail.

Consolidate your banking

If you hold funds or have accounts with other financial institutions, it may make sense to consolidate your accounts to minimise your fees. Our staff can assist you to switch your accounts to People's Choice Credit Union.

Check account balance before you transact

Keep your ATM transaction slips as a record of your balances held and avoid attempting transactions when you have insufficient funds, or use the account balance facility before attempting a withdrawal to avoid overdrawing from your account. Phone,

Fees & Charges

Internet and SMS banking are free services that you can also use to find out your account balances before you transact.

Don't press 'CR' at the ATM

Pressing the 'CR' option at the ATM when using your Visa Debit Card may result in additional fees. Always select the 'SAV' button when checking your balance or making an ATM withdrawal.

Selecting 'CR' when using EFTPOS facilities or performing contactless transactions are a free transaction.

Use BPAY® or direct debit for convenience and reducing fees

Where possible pay regular bills via BPAY® or with an automatic debit from your account. This also reduces the amount of time you spend on your banking.

Remember to avoid direct debit honour or dishonour fees by ensuring your account has sufficient funds to cover the entire amount of any direct debits and cheques.

Use Telephone banking and Internet banking

Monitor and manage your accounts with our phone and Internet banking. Our Internet and Phone banking enables you to access your personal accounts 24 hours a day every day of the year. Using this service to check your account balance and manage your transactions is convenient and easy.

Budget Planner

Take advantage of the budget planner available on our website at peopleschoicecu.com.au to assist with managing your bills. Our staff can establish a regular transfer or a payroll deduction to an Expenses account to help ensure you always have funds available to make these payments as they are due and ensure you minimise fees charged.

To ensure you have sufficient funds in your accounts for your scheduled payments including direct debit and BPAY® withdrawals, set these up to be debited from your account the day after your payroll is credited to your account.

Minimise card replacement fee

Keep your Visa Card and rediCARD PLUS Card in safe storage at all times to avoid replacement Card costs.

Please refer to other sections of this document for fee details on specific accounts.
