REMUNERATION DISCLOSURES

AS AT 30 JUNE 2013

Updated Annually

The Corporate Governance Committee is responsible for overseeing remuneration. This includes conducting regular reviews of, and making recommendations to the Board on the Remuneration Policy; making annual recommendations to the Board on the remuneration of the Managing Director, direct reports of the Managing Director, other persons whose activity may, in the Corporate Governance Committee's opinion, affect the financial soundness of Australian Central Credit Union Ltd trading as People's Choice Credit Union ("People's Choice") and any other person specified by APRA; and making annual recommendations to the Board on the remuneration of the categories of persons covered by the Remuneration Policy. The Corporate Governance Committee operates in accordance with its terms of reference which outline the Committee's roles, responsibilities and terms of operation.

The Corporate Governance Committee meets at least three times a year and as required.

The independent non-executive members of the Corporate Governance Committee and their attendance at meetings during the year is listed below:

Director	No. of Meetings Held	No. of Meetings Attended
W.R. Cossey (Chair)	7	7
J.L. Cossons	7	7
K.A. Skipper ⁽¹⁾	7	5

⁽¹⁾ Director Skipper did not participate in two Corporate Governance Committee meetings that were convened to discuss matters relating to the 2012 Director election as she was standing for re-election.

During the year, the Corporate Governance Committee engaged Mercer Consulting Australia, AON Hewitt, HayGroup, Financial Industry Review Group and internal Organisational Development Remuneration Specialists to review and provide advice on the variable remuneration structure for material risk takers. Any amendments to the structure are reported to the Corporate Governance Committee and updated in relevant remuneration schedules or policies.

People's Choice's Remuneration Policy approved by the Board in 2010 applies to all employees of People's Choice. The Corporate Governance Committee has reviewed the risks and remuneration structures and considers the following employees (as reviewed and approved in October 2012) material risk takers and Senior Managers in accordance with CPS 510:

Types of Employees	Number

REMUNERATION DISCLOSURES (continued)

AS AT 30 JUNE 2013

Updated Annually

The Remuneration Policy is considered an important component to recruit and retain those who have the necessary skills for the effective and prudent operation and are committed to making a long-term career with People's Choice. The Remuneration Policy is designed to ensure:

- The alignment of People's Choice interests with those of its employees, shareholders and stakeholders
- People's Choice long-term financial soundness; and
- The support of an effective risk management framework

As detailed in the Remuneration Policy, the structure of the remuneration arrangements comprise of the following components:

- Fixed component
- Variable component

Fixed component

Fixed remuneration consisted of salary, fees, any FBT charges related to employee benefits including motor vehicles, leave entitlements and employer contributions to superannuation funds.

Remuneration levels are reviewed annually by the Corporate Governance Committee through a process that considers individuals, business units, overall performance of People's Choice and the markets in which it operates. In accordance with the Remuneration Policy, Board approval for certain categories of remuneration may be required.

Variable component

Employees have opportunities to participate in various variable pay arrangements. Discretionary variable pay is dependent on the achievement of both financial and non-financial objectives as set out in the budget approved by the Board.

The variable pay element is differentiated by performance. Taking into account the expected value of awards, the performance related elements of pay make up a considerable proportion of the total remuneration package for senior staff, whilst maintaining an appropriate balance between fixed and variable elements.

Remuneration is structured to provide an opportunity for top quartile financial reward aligned to higher levels of performance.

Performance is then measured and reviewed on a regular basis against the objectives, which include financial and non-financial metrics.

Annual bonus (at risk performance based remuneration)

All executive staff are eligible to receive an annual bonus to reflect the extent to which annual objectives have been met and individual performance.

The annual bonus earned by an individual is dependent on the achievement of the strategic Key Performance Indicators and objectives of People's Choice; the individual's business unit; and individual's performance which is reviewed and rated annually.

The determination of bonus remuneration is based on various performance metrics i.e. financial and non-financial metrics. Financial metrics are based on profitability. Non-financial metrics include compliance with risk management frameworks, management of staff and adherence to corporate values, and the commercial requirement to remain competitive in the market. In determining the payout under any component of variable pay, People's Choice adopts, as policy, the use of set targets to determine the extent to which overall organisation performance has been achieved as well as individual performance. The Corporate Governance Committee retains discretion to recommend to the Board variations to the bonus payment to reflect the achievement of performance metrics.

Risk and Compliance Staff

The performance and remuneration of risk and compliance staff is assessed according to objectives specific to the roles they undertake as well as linked to the overall organisation objectives, which are independent of the business units they oversee. Remuneration is reviewed and benchmarked against the market and internally to ensure that it is set at an appropriate level.

The determination of bonuses and the way they are cascaded down to each business unit are impacted by the achievement of key risk measures. Individual performance is reviewed against key risk measures to ensure that proposed individual remuneration is appropriate against these aspects.

During the year, the Corporate Governance Committee met seven times. Committee members are not paid further remuneration in addition to their remuneration as Non-Executive Directors. The remuneration paid to the Corporate Governance Committee members (as Directors) is as follows:

Remuneration (inclusive of Superannuation)	2013
